## April 25th

 On April 25th we will witness a clear and deliberate change to our Wednesday night services. Wednesdays will become a discipleship center. A time where folks interested in the Word of God can discover exactly what God desires **from** them, and what he has in store **for** them. Here are some great reasons why you should begin attending on Wednesday evenings.

---

 **1** Individual Attention. In a small Grow Group you can have your Bible questions answered directly by a group leader. No need to feel intimidated!

 **2** Beginning Friendships. You will get to know each member of your Grow Group, developing a strong circle of Christian friends.

 **3** Biblical Fellowship. You will enjoy talking and fellow shipping around the Word of God with other believers. This is Biblical fellowship!

 **4** Casual Atmosphere. Grow Groups offer a casual atmosphere where we can enjoy friendships and refreshments!

 **5** Bible Study. You can discover what God intends for you now that you are saved. Learn what he has said in His Word and how it applies to you!

 **6** Encouragement. You will find great encouragement in the middle of your work week by gathering with like-minded Christians.

 **7** Prayer Support. Your Grow Group will serve as a Study Group, Fellowship Group and a Prayer Group. Share your burdens and pray for others.

 **8** Obedience. God has commanded us to Study his Word, and to “Grow in grace and the knowledge of our Lord and Savior Jesus Christ.” Grow Groups serve as the perfect venue to obey his command!

 **9** Involvement. When you gather with fellow church members, you will have a special insight as to the pulse and direction of the church!

 **10** Outreach. Being part of a Grow Group will afford you the opportunity to invite friends to a service where they may feel more open and comfortable.
